SKILLS DEVELOPMENT WORKSHOPS

Introduction : The Skills Development Workshop is for practitioners wishing to further develop practical skills in the use of systemic and social constructionist ideas when working with children, couples, families or individuals.

Workshop Objective: The orientation of this workshop is experiential. It aims to provide participants with a safe space in which to practice skills and techniques using simulated exercises.

Workshop Structure: The workshop will be divided into 2 parts. The first part will consist of exercises, including role-play, which will be video-recorded. In the second part the learning will focus on reviewing and analysing the video recordings to generate discussion and make links with theory.

Participants will be encouraged to use a range of resources – e.g. genograms, time-lines, sculpting, puppets etc. to help them developing their interviewing skills. They will be expected to read suggested literature selected to underpin and strengthen the theoretical connection to their practice.

Places: Numbers are limited to 6

Dates and Times: The workshops will run monthly over 3 terms as follows:

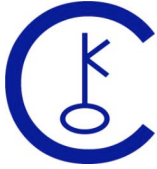

Term 1:	Term 2:	Term 3:
28 th February 2015	30 th May 2015	26 th September 2015
